

Important Information for Campers Flying to Kamp

The airlines have safety precaution in place to preserve our safety and the safety of our children. The following instructions must be followed exactly or your daughter may not be allowed to board the plane.

- **Girls under 12 years of age:** These girls are considered unaccompanied minors. Parents must go to the gate to fill out paper work before their daughter is allowed to board the plane. They must have the **name** of the person picking up their daughter and a copy of their daughter's birth certificate. This cannot be done in advance. It must be done on the date of the flight. The airlines recommend arriving early to have time to complete the paperwork. We will notify you of the name of the driver who will pick up your daughter closer to the date of the flight.
- The driver from Bill Olden's Hill Country Limo Service will go to the check-in counter at the San Antonio Airport to get a waiver to be able to meet the girls at the arrival gate. He has to present a list of the girls he is picking up as well as **written documentation** from each family stating that Bill Oden's Hill Country Limo Service has permission to pick up their daughter. **Anyone not on the list will not be released to the driver. Each parent must notify us in writing that they want their daughter to fly to the San Antonio Airport. (fax #(830)895-5731 or after May 1st (830)257-5731)** We will forward the permission letter to the limo service. The cost of the limo service ranges from \$60-\$100, depending upon the number of campers being picked up.

If you want your daughter to fly, **call the camp office** to get the airline and limo information for campers from Dallas or Houston. If you live in a different city and want your daughter to fly to camp call the camp office so you can coordinate the pickup times with Hill Country Limo.

For campers flying home after camp there is an additional charge per camper for checking them in at the airport, filling out forms, and waiting with them until they board. If any additional fees are incurred for your daughter's travel to or from camp we will send an additional bill detailing the service.
